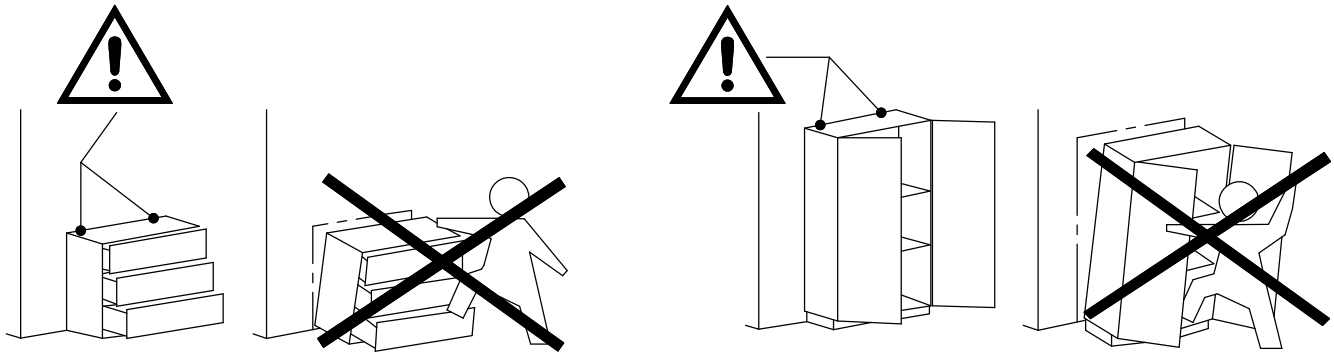
WARNING



Serious or fatal crushing injuries can occur from furniture tip-over.
To help prevent tip-over:

- Install tipover restraint provided.
- Place heaviest items in the lowest drawers.
- Do not set TV's or other heavy objects on top of this product, unless the product is specifically designed to accommodate them.
- Never allow children to climb or hang on drawers, doors, or shelves.
- Never open more than one drawer at a time.

Use or tip-over restraints may only reduce, but not eliminate the risk of tip over.

Prima dell'acquisto delle viti o dei perni più appropriati, è necessario individuare il tipo di parete/divisorio a cui il prodotto deve essere fissato. Forniamo di seguito alcuni esempi di perni/viti raccomandati per:
