Quadrato

Quadrato organic combination in multiple fabrics

Modular design

The Quadrato sofa is designed to adapt perfectly to your needs, whether you want a single armchair or a large lounge area. The modular design offers endless possibilities, allowing you to create a unique and organic shape that reflects your personal style and preferences. We've equipped the modules with crocodile connectors for easy use and to keep your masterpiece in place.

We also offer a choice for the width of the armrest

Standard foam padding

Soft, thick foam padding designed
for optimal comfort

Danish tradition

Soft, thick foam upholstery designed for optimal Danish sofa craftsmanship is a time-honoured craft that seamlessly combines tradition with modern design principles. Danish furniture production is rooted in a centuries-long tradition of craftsmanship and stands for simplicity, functionality and timeless elegance.

This tradition has allowed them to incorporate modern modular design while retaining the essence of their heritage. The foundation of Danish sofa production lies in the principles of Danish Modern design, which gained international recognition in the mid-20th century. Pioneers such as Hans Wegner, Arne Jacobsen and Børge Mogensen pioneered designs that were characterised by clean lines, organic shapes and a focus on natural materials.

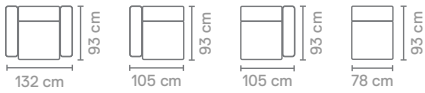

This era emphasised furniture that was both aesthetically pleasing and highly functional, with a minimalist ethos that still influences modern design. comfort

JAKOBSEN

COPENHAGEN

Design that creates space

Since 1975, JAKOBSEN COPENHAGEN has created sofas, lounge chairs and dining chairs where danish design tradition meets modern craftsmanship.

Our furniture combines aesthetics and functionality, created to bring comfort and presence into every home. Each design is conceived as part of the spaces where life unfolds - with attention to detail, comfort and durability.
